PRODUCT INFORMATION:

Detailed Product information sheets are available on the entire range of screen inks manufactured by Australian Specialty Inks, Customers are encouraged to study the relevant product information sheet before using any screen ink product.

It is recommended that each colour be test printed to ensure a satisfactory shade result is achieved on the required substrate prior to production.

The information contained within this Ink Selector Chart, as well as technical advice given by representatives of our Company, whether verbally or in writing, are based on our present knowledge and believed to be accurate. However, no guarantee regarding their accuracy is given as we cannot cover or anticipate every possible application of our inks. For the same reason our products are sold without warranty and on the condition that the user shall make their own test to satisfy themselves that the ink meets their particular requirement.
